

Divisional Fellow in Nuclear Theory

The Nuclear Science Division at the Lawrence Berkeley National Laboratory (LBNL) is seeking a scientist with outstanding promise and creative ability in Nuclear Theory. All areas of nuclear theory, such as high-energy nuclear physics, hadron structure and QCD, nuclear structure and nuclear astrophysics, neutrino physics and fundamental symmetries, will be considered.

The appointment will be as Divisional Fellow for a term of five years with the expectation of promotion to Senior Scientist. The initial appointment will be a cooperative fellowship with the RIKEN BNL Research Center (RBRC) at Brookhaven National Laboratory (BNL) for a period of up to five years. During this period the Divisional Fellow will split his/her time between LBNL and RBRC/BNL. Candidates with appropriate qualifications and experience may be considered for appointment at the Senior Scientist level.

Applicants are requested to submit in a single attachment a curriculum vitae, publication list, statement of research interest, and the names of at least four references online at <http://jobs.lbl.gov> and by e-mail to vkoch@lbl.gov. Please reference Job #019548. Applicants must arrange for four letters of reference to be sent to:

Dr. Volker Koch

Mail Stop 70AR0319,
Lawrence Berkeley National Laboratory
One Cyclotron Road, Berkeley, CA 94720

In addition, curriculum vitae, publication list, statement of research interest, and the letters of reference must also be sent to:

Dr. Nicholas Samios

Director, RIKEN BNL Research Center, Building 510A
Brookhaven National Laboratory, Box 5000
Upton, NY 11973-5000

We will begin considering candidates January 15, 2007, and the position will be open until filled.

LBNL is an equal opportunity employer committed to the development of a diverse workforce.
